

ATLAS METAL

*making metal personal*

HI, WE'RE ATLAS.

We know that K-12 kitchens call for modular units that stand up to the wear and tear of everyday use—and our BL serving systems are designed to meet these needs.

*"We don't get a lot of funding to spend on equipment, so when we purchase it, we want to buy products known for their longevity, from a company that anticipates and knows our needs. That company is Atlas."*

**- K-12 school operator**

# WE PROMISE TO STAY IN SCHOOL.

All manufacturers claim their equipment is durable and reliable. We could say the same things too, but we've found that a hands-on approach is what makes us different.

See how:

- **We're committed to hands-on manufacturing**, so our products will always live up to the name that operators have relied on for 50+ years
- **We never compromise on the details**—you get what you pay for, so our premium products perform perfectly
- **We provide genuine customer service** by helping you make the best equipment choice and always standing behind our products
- **We offer a special two-year parts and labor warranty** for K-12 schools

modular design

smooth, finished edges

thick-gauge steel

WE'RE ATLAS. AND WE'RE **MAKING METAL PERSONAL.**
